The University . . .

Bowling Green State University is an integral part of the system of higher education maintained by the State of Ohio. It is governed by a Board of Trustees appointed by the Governor and is supported almost entirely by legislative appropriations.

A 1910 General Assembly act authorized an appointed commission to seek a site in northwestern Ohio for a new normal school. Bowling Green was selected and trustees were appointed in 1911 with the first president elected in 1912.

The college known as Bowling Green Normal College opened in temporary quarters in September 1914, and one year later moved into two new buildings on the present campus.

In 1929 the General Assembly changed the name to Bowling Green State College. The present name was authorized by the 1935 Assembly.

The university is composed of four main divisions: College of Education, College of Liberal Arts, College of Business Administration and the Graduate School. Courses are offered in forty-three different departments, and the school is recognized by most accrediting agencies.

The university is located on a tract of 240 acres in the northeastern part of Bowling Green. Fifty campus buildings are available this year. The second unit of the heating plant, a chapel, an addition to the library and another women's cottage-type residence are now under construction.

The city of Bowling Green with a population of 7,800 is located 25 miles south of Toledo at the intersection of U.S. routes 25 and 6. The New York Central railroad, a branch of the Baltimore and Ohio and Greyhound bus lines serve the city.

The university is co-educational with a 1950 spring enrollment of 4,378. The breakdown shows 2,707 were men and 1,671 women. Veterans in school totaled 1,081. The anticipated enrollment for 1950-51 is 4,100. The highest pre-war enrollment was 1,601.

The Coach . . .

Robert H. (Bob) Whittaker is one of Ohio's most successful football coaches both as a scholastic and collegiate mentor.

Whittaker is beginning his twenty-second year as a coach with the start of the 1950 season. Twenty-one of these years he has served as a head coach, only in his first year in the profession did he work as an assistant.

Coming out of college in 1929, Bob signed to aid Jim Nicholson in football and track at Sandusky, Ohio high school. Nicholson left the next year for University of Toledo and the young Miami star took over and started his climb up football's ladder of success by quickly raising the Blue Streaks to a gridiron power.

From 1932 to 1936 the Streaks won 38 consecutive games—five more than amassed at Massillon by the popular Paul Brown. The 1931, 1933, 1934, 1935 and 1938 teams were undefeated. He developed such later Ohio State stars as Charles Maag, Edward Bruckner and Leonard Thom. His 11-year record as the Streaks' head man reads—87 victories, 20 defeats and 2 ties.

Meanwhile, Frank J. Prout, the progressive Sandusky superintendent of schools, moved to Bowling Green as president. In 1941 a reorganization in the athletic department called for a new head football coach. Whittaker was induced to leave the fine Sandusky setup and take over the Falcons.

In his initial season, the Falcons chalked up one of the best records in the state with seven victories against one defeat and a tie. At the end of the season Whittaker was nominated as an Ohio candidate for the "coach of the year" award.

During the next four war years Bob kept football alive in BG, piecing together teams composed of Navy V-12 men and civilians but always managed a winning season. In the four post war seasons to date Whittaker has continued his winning ways. In 1948 the Falcons were undefeated. A 13-all tie with John Carroll was the only mar on the slate. Last year was Whittaker's first losing season at BG with four wins in nine tries. Whittaker's 9-year coaching mark at BG reads—49 wins, 25 losses and 4 ties for an overall coaching mark of 136 victories, 45 losses and 6 ties for a respectable .743 average.

Born in Greenville, Ohio, Bob attended high school at Lorain and Norwalk, taking part in four years of football. At Miami University he played halfback where his teammate was Paul Brown, the Cleveland Browns' coach and general manager. Whittaker also took part in track at the Oxford school, running the dashes and throwing the javelin to a college record.

He was graduated from Miami with a degree of bachelor of science in education. Bob took graduate work at Ohio State but received his master of Arts from Bowling Green in 1942.

The Style Of Play . . .

SYSTEM	Bob Whittaker's T-formation
GROUND ATTACK	The running attack, featuring quick opening line plays and off tackle smashes, will be led by veteran Mel Augenstein, the only regular returning ball carrier. Junior Richard Pont and Bob Gwin will supply the speed for end sweeps. Norb Cowan will be another power runner along with sophomore Fred Durig and Stan Gilliland.
AERIAL ATTACK	Rex Simonds will be BG's chief flinger with the two Normans—Rousey and Decker as capable understudies. On the receiving end will be big Gene Aldridge, 6-4 Phil White and Doug Mooney.
KICKING GAME	The punting chore probably will fall to Simonds and Rousey. Cowan also shows some knack for booting as does reserve halfback Nick Nicholas.
KICKOFFS	This important work will undoubtedly fall to Hal Dunham, who in 1948 averaged 52 yards per kick in 47 tries. Ollie Glass will be in reserve for the task.
POINTS AFTER	Dunham probably will hold forth at this job also since none of last year's converters returned.

Prospects For '50 . . .

Bob Whittaker starts his 10th season at BG faced with many uncertainties. True there are 18 lettermen returning and a host of other varsity reserves. But most of these lettermen won their awards with a minimum of playing time so that experience will be lacking early in the season with tackle Gordon Ackerman, guard Leroy Silvani and fullback Mel Augenstein, the regulars from '49.

Whittaker must find a ball carrier and linebacker who can produce a shade of the results of all-Ohio Jack Woodland. Also in need is a pair of offense ends like 6-4 Bob Schnelker and Don Frail. Tackles Ed Kuntz and Don Verduin will be sorely missed as will center Bill Secor and guard Bud Schie. Along with Woodland in the backfield the losses include Rod Lash and Pete Schmidt.

The BG success in '50 is to a large extent going to depend on the 16-man sophomore crop. Some of these first year men must make the grade as regulars.

Paul Schieg, captain of the '49 frosh, falls in line for the left tackle job and may be called upon for both offense and defense. Al Dyckes and Louis Popek are two other sophomores who should come to supply some reserve strength at this position.

In the backfield the progress of Bob Gwin at left half and Fred Durig at full will be closely watched. They may supply the needed forces here to make the BG ball carrying department even better than last year.

Rex Simonds will be the field general, passer, punter and general leader and from all indications will do a first class job. A veteran squad member, Norm Rousey, and Norm Decker, a sophomore, will be in reserve.

Norb Cowan may step in at left half with Gwin working into the picture before too many games have passed. Veteran Mel Augenstein probably will shift between halfback and fullback. Richie Pont looks like the man to help Gwin supply the BG speed and elusive running. Cowan, Augenstein and Durig will be the power runners.

Sophomore Phil White may come as a replacement for Schnelker at end as another good 6-4 target for Simonds. But until he does get the experience, the BG pass receiving game lies with Gen Aldridge, a converted center, Doug Mooney and Hal Dunham. Defensively the situation looks good at end with Frank Bonfiglio aided by Mooney and Dunham.

Veteran Gordon Ackerman should handle the right tackle but the reserve strength is lacking. Jim Lewis, a letterman in 1942 and 1945, may provide this spot with some defensive strength.

The guard situation is the most critical in the line. Leroy Silvani has the right guard spot in good shape but the reserve and defensive men must come from untested sophomores Sheldon Lifshitz and Charles Bronz. Big 270 pound Earl Robbins could provide the defensive answer. Fred Waugh and Jack Momany must handle the left guard with reserves lacking.

Overall the Falcons should have more speed and deception than last year. The attack will probably turn more to the ground forces instead of the air as in the past two years. More speed among the backs should help the pass defense which has been miserably poor for the last four years, and the other defensive alignment might measure up to last year if the sophomores develop soon enough.

Press, Radio And Photographers' Info . . .

The press box in the Bowling Green stadium, although not elaborate or any too large, can adequately handle all working press, radio broadcasters and authorized scouts.

Because the space is limited, only press and radio men actually working the games are requested to make application for space. Other press and radio representatives desiring to see any or all of the Falcon games will be furnished complimentary reserved seats upon request. No women will be allowed in the press box during contests.

Applications for press and radio reservations should be made as early as possible. Early reservations will help you and us. These desiring wire service should specify same in reserving space and also notify the Western Union at your terminal. This makes a double check on the installation of this service. Reservations can be made by writing, wiring or telephoning Don Cunningham, Director of Athletic Publicity, Bowling Green State University, Bowling Green, Ohio. Office phone is 5661 or at home residence 223 1/2 Pearl St., phone 6973.

A complete game information sheet will be at your position when you arrive. Starting lineups will be announced in the box shortly before game time. Statistics will be available at the half and at the conclusion of the game. Other summary material will also be available after the contest. Spotters will be in the box to aid all needing this service.

Photographers desiring field passes should contact Mr. Cunningham in the same manner as the press. Dark room facilities will be available for those desiring such.

The Department of Intercollegiate Athletics hopes that all visiting newsmen and radio broadcasters will feel at home when covering our contests. We stand ready to give you the best possible service while you are here, and should you have suggestions as to how we can improve this service, we will welcome the opportunity for you to pass these thoughts on to us.

1950 Uniforms . . .

The Falcons will have three different sets of game uniforms for the 1950 season. Popular with Coach Whittaker is the uniform consisting of solid burnt orange jerseys with seal brown numbers, natural nylon pants, plastic headgears, burnt orange in color, and the conventional black shoes. Ends and backfield men will wear low cut shoes.

The second uniform will include white jerseys, each sleeve carrying a brown and orange stripe (Northwestern style) and seal brown numbers. Pants will be white nylon, striped in brown and orange. Helmets and shoes will be the same as other uniform. Orange nylon pants are an alternative in this setup.

The newest BG attire will be brown jerseys with sleeve stripes of orange and white, numbered in white. Pants will be either white nylon or brown knit.

An established numbering system of players by position will be followed. Each set of jerseys will have the following sequence: quarterbacks 10-19; left halfbacks 20-29; right halfbacks 30-39; fullbacks 40-49; centers 50-59; guards 60-69; tackles 70-79 and ends 80-89. The right and left side linemen will have odd and even numbers, respectively.

Ticket Information . . .

The entire permanent stands of 3,151 and 1,760 south side bleachers making a total of 4,911 reserved seats. Students will be allotted a total of 2,471 of the reserved seats, 1,591 will be seated in the concrete stands and 880 in the bleachers.

There will be 1,048 seats for the general public in the north permanent stands and 880 in the bleachers. The faculty and university guests occupy about 200 seats in the permanent stands. General admission seats will be available in the south bleachers beyond the 20-yard line and in the bleachers in the east and west end zones.

The Athletic Program . . .

Football is one of nine sports in which Bowling Green teams participate on an intercollegiate level.

The basketball team is annually one of the top aggregations in the nation. Under the direction of Harold Anderson, the 1949-50 quintet, playing a 30-game rugged schedule which took them from New York to San Francisco and Los Angeles, won 19 games against 11 setbacks. The 1950-51 five made a one month tour of Brazil in August and will get this year's 27-game slate underway on December 2, with six lettermen on tap.

The swimming team, coached by Sam Cooper, has won the all-Ohio college invitational relays for the past four years while building an outstanding dual meet record. This season Cooper should have another fine squad, overflowing with lettermen, to take on Michigan, Cincinnati, Michigan State and Iowa State.

Graduate assistant Anthony Bonito will take over the wrestling squad after being one of BG's top notch wrestlers for the past three years. Kent, Waynesburg, Case, Edinboro and Western Reserve will be among the foes.

Dave Matthews handles the track and cross country squads. Last year the harriers dropped only two meets in nine starts and the former Michigan track star expects another good season with a veteran lineup to put against Wayne, Michigan Normal, Michigan and in the National Collegiates.

Besides track, baseball, golf and tennis appear on the spring program. Warren Steller handles the baseball team which competes against Michigan Normal, Toledo, Wayne and Kent State.

Matthews is busy building up a fine track team and again will sponsor the Bowling Green Relays.

The golf squad had the best record of all the sports last season with only one loss and two ties in 12 matches. A veteran squad will return next spring. Vernon Lerch's tennis squad found Wayne, Toledo, Detroit and Dayton pretty rough competition as they won four of 13 matches.

The win and loss record of all sports during the 1949-50 school year follows:

	W	L	T	Pct.
Football	4	5	0	.444
Cross Country	7	2	0	.778
Basketball	19	11	0	.633
Swimming	6	3	0	.667
